QLED
Quantum Dot Color

Kick back and relax with this all-immersive entertainment center! The QD65 Series smart display from Hisense uses QLED-Quantum Dot color technology to deliver a more vibrant and detailed picture. Level up your gaming with the super-fast refresh times of Game Mode 4K 60Hz and Auto Low Latency Mode. Bring the sights and sounds of the cinema directly to your living room with Dolby Vision HDR and Dolby Atmos.

QLED Quantum Dot Color

Experience color like you've never seen it before. QLED Quantum Dot Technology, significantly broadens the range of color you perceive to create over a billion individual shades. So, you can soak up every wave of the Caribbean Sea and every brushstroke of the desert sunset.

Game Mode

Game on! Game Mode is a winning combination of technology that gets your name on the leaderboard. Stress less and play more with Auto Low Latency Mode.

Fire TV

With Fire TV built in, you can enjoy a world of entertainment from apps like Prime Video, Netflix, Disney+, Hulu, and HBO Max. Plus, stream for free with Freevee, Pluto TV, Tubi, and more. And the included Voice Remote with Alexa lets you use your voice to easily change channels, launch apps, search for titles, play music, and even control smart home devices.

Dolby Vision · Atmos

Get transported through the screen. Dolby Vision captures even the most subtle emotions flickering across the actor's face during a dark night scene. And the multidimensional sound of Dolby Atmos puts you smack-dab in the action, whether it's in a jungle, city or rocket ship.

4K AI Upscaler

Bring what's on screen into crystal-clear focus. Our 4K AI Upscaler transforms beloved classics, home movies, broadcast TV and even streaming content into striking 4K quality. It's amazing what can happen when every pixel works even harder.

Alexa Voice Remote

Use Alexa on the Voice Remote to find your favorite shows and movies in a snap—no endless scrolling needed. Launch apps, change channels, control your smart home, and more.
